Four Gold Medals

American Rose Society Gold Medal at Louisville, 1928; the President Coolidge Horticultural Gold Medal at New York, 1928; and Gold Medals at Philadelphia and New York Shows, 1928

Considering scarcity of stock, our price is very low. Order at once

Talisman. A remarkable new Rose of brilliant golden yellow splashed with scarlet-yellow in the bud, and blended and shaded with bright scarlet-pink in the open flower. In hot weather the colors are much lighter. No Rose in recent years has been such a tremendous success, both as a cut-flower and as a garden variety. \$1.85 each, \$18.50 per doz., postpaid.

TUBEROUS BEGONIAS
The Most Popular Summer-blooming Bulbs

These Flowers are Natural Size

The most colorful flowers for shady places; lovely blooms of Salmon, Yellow, White, Pink, Crimson, Scarlet, and Mixed shades. Mammoth-size bulbs, \$2.25 for 10, \$21 per 100; first-size bulbs, \$1.75 for 10, \$16 per 100. We supply 25 bulbs at the 100 rate.

NOTE OUR LOW PRICE: These bulbs are regularly sold for \$3.25 for 10
Bulbs producing double flowers in the same colors can be supplied at 10 per cent additional

Something Delightful for Our Patrons

GLORIOUS color! Rich crimson flowers, one bloom after another, from June till autumn frost. A single bulb will produce a half-dozen or more rich blossoms of the size illustrated, on sturdy stems 10 inches high. We are delighted to offer you this new *Anemone, Hollandia* by name, because we know you will be delighted with it.

Never was there such color among the Anemones before. Only "the poppy's ravishing red" can compare with it. Also, the Anemone has a light, delicate fragrance which is an added charm. For cut-flowers, nothing is finer.

And the price! We are glad to tell you that you may have a dozen perfect bulbs for \$1.50—a hundred for \$12—under a special arrangement that we are able to make just now.

The bulbs may be planted outdoors from October to May in well-drained soil. They prefer a semi-shady situation and do well planted on the north side of a fence or wall. Provide good drainage. The bulbs are unevenly formed, very hard, and about the size of a small crocus. They are perennial and will prove a permanent and very desirable acquisition.

Your bulbs will bloom this summer. Order at once, for the supply is limited and we will fill orders as they are received. Shipment will be made about April 15.

Sunshine Asters

Sunshine Asters have the exquisite beauty of a piece of old lace. We know of no more delicate, graceful flower for cutting, and they grow just as easily as the usual type of Aster

SUNSHINE ASTERS

The prettiest and most graceful of all Aster types for cutting. The plants grow about 18 inches high and have good, stout stems.

181 Carmine 182 Lavender 183 Violet 184 Flesh
Each, pkt. 35 cts. One pkt. each of the above 4 varieties, \$1
